After handing over possession of the current project/phase, if the market conditions deteriorate or the title of the Owners of the land comprised in the subsequent projects/phases is found to be defective the promoter may be forced to restructure the other sanctioned / non-sanctioned phases out of the entire Housing Complex and even consider abandonment of development of further phases but without curtailing the facilities and specifications (**Schedule-C**) committed by the Promoter to the Allottee.

21. The Promoter will hand over possession of the Apartment to the Allottee and also the Common facilities on the committed date which is on _____, _____, with a grace period of twelve months (**Completion date**).

PROVIDED THAT In the context of the “**Completion Date**” stated above, the Applicant is made aware that the Promoter has to make substantial effort and may or may not encounter hurdles which are unforeseen in nature, which may include disruptions caused by litigations, logistic issues, prohibition orders from Pollution or other Govt departments, scarcity of raw material, labour problem, break out of epidemics etc. that may hinder smooth flow of development culminating in the Promoter suffering huge monetary losses due to unavoidable delays which may cause the construction schedule to mis-match with the time schedule for completion.

In the unlikely event of such delays the Promoter seeks to insulate the Allottees from suffering the losses by keeping the agreed price intact without any escalation even if prices rise and on the other hand suffers a much

bigger brunt of the loss due to additional material price rise due to inflation, interest burden on Project cost(including high land cost).

Although the Promoter makes an earnest effort to complete the Project much ahead of the Completion date mentioned above, by way of abundant caution, the Completion date mentioned may appear to be stretched in order to prevent fines and penalties to buyers being imposed by RERA Authorities for failure to complete the Project within the Completion Date due to unforeseen circumstances.

The Consideration for the Apartment Unit is to be paid in installments which are construction linked. Keeping in mind the Allottee's interest, the Promoter has decided to keep the Price of the Unit fixed which is not escalable under any circumstances despite increase in construction cost and other cost elements associated with construction. Price of the Apartment also keeps on increasing till the completion of Project and ultimate handover to the Allottee.

The Allottee is also made aware that in a phase comprising several building blocks, upon completion of some of the buildings, on receipt of partial completion certificate possession will be handed over to the Allottees on a clear understanding that all the Facilities and Amenities will take time to complete. In the event a Particular Phase consists of two or more building blocks wherein there will be some amenities in the Building itself and there will be others which will be available only on completion of the entire phase. In such a case as and when a particular building Block is completed the Unit Owners of that Block, upon hand over will be able to enjoy only those facilities which are available in that building and for the rest they will have to wait till completion of the entire phase and/or completion of the entire Complex as the case may be and the Allottee acknowledges this.

22 A 'CLUB' / (A 'CLUB'(Club) type facilities shall be set up (The Club) and for this purpose the Promoter may propose to develop a club house or community building (as the case may be) as part of the entire Housing Complex comprising of this phase and all the other phases including future phases, the location whereof may be changed by the Promoter who will also have the right to modify the location of the amenities and facilities at the Said Club. The Promoter will have the right to hand over the club to the mother Association at the end of the Project or the entire Complex. The facilities of the Club would be such as be decided by Promoter the tentative description whereof is as given in the brochure and the location of the Club may be varied by the Promoter if required at the time of implementation but the facilities committed will not be curtailed. The Sub-

Lessee/Allottees/Purchaser and/or their nominee/s shall automatically be entitled to become member of the (so called) Club. The club will be operational before the completion of entirety of the housing complex but possession of Building Blocks will be given in phases. The membership and the right to use the club facilities shall always be subject to payment of charges and observance of regulations. The rights and obligations of the Sub-Lessee/Allottee Purchaser as a member of the Club and the detailed terms and conditions of membership and rules and regulations governing use of the facilities will be formulated by the Promoter or the Property Management Agency, as the case may be in due course and circulated to members before the Club is made operational. The Sub-Lessee/Allottee Purchaser and the Lessee/Tenant both cannot be a member of the club simultaneously.

22.2 **Club Scheme:** The detailed terms and conditions of membership and rules and regulations governing use of the Said Club / its facilities will be formulated in due course and circulated to the Sub-Lessee/Allottee Purchaser (Club Scheme) (1) The Sub-Lessee/Allottee Purchaser will be required to abide by the Club Scheme (2) Membership of the Said Club shall be open only to all Sub-Lessee/Allottees Purchaser of the Said Complex (3) Each Apartment, can opt for 1 (one) membership, irrespective of the number of Owners/Lessees of such Apartment, (4) Membership is open only to individuals (i.e. no corporate membership) and if the Sub-Lessee/Allottee Purchaser is a body corporate, it will be required to nominate 1 (one)
