## SIGNIFICANT ACCOUNTING POLICIES & NOTES TO FINANCIAL STATEMENTS

Note No. : 1

### Significant Accounting Policies

a) Basis of accounting:-

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) including the Accounting Standards notified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared under the historical cost convention on accrual basis.

b) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Revenue Recognition:-

Income and Expenses considered receivable and payable respectively are accounted for on accrual basis.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- i. Revenue from sale of goods is recognized on transfer of risks and ownership to the buyer subject to reasonable certainty of its collection.
- ii. Revenue from sale of services is recognized as and when services are completed.
- iii. Interest income is recognized on a time proportionate basis except in case of interest on refund of any tax, duty or cess which is recognized on receipt basis.
- iv. Dividend income is recognized on receipt basis.
- v. Any other items of income are recognized as and when right to receive arises.

d) Property, Plant & Equipment :-

Property, Plant & Equipment including intangible assets are stated at their original cost of acquisition including taxes, freight and other incidental expenses related to acquisition and installation of the concerned assets less depreciation till date.

Company has adopted cost model for all class of items of Property Plant and Equipment.

S K Development Private Limited S K Development Private Limited

Director

Director

e) Depreciation :-

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Written down Value (WDV) Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation on assets acquired/sold during the year is recognised on a pro-rata basis to the statement of profit and loss till the date of acquisition/sale.

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

f) Investments :-

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminutions in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

g) Inventories :-

Inventories are valued as under:-

- (i) Inventories : Lower of cost or net realizable value.
- (ii) Scrap : At net realizable value.
- (iii) WIP : At Cost

h) Borrowing cost :-

Borrowing costs that are attributable to the acquisition or construction of the qualifying assets are capitalized as part of the cost of such assets. A qualifying assets is one that necessarily takes a substantial period of time to get ready for its intended uses or sale. All other borrowing costs are charged to revenue in the year of incurrence.

i) Retirement Benefits :-

The retirement benefits are accounted for as and when liability becomes due for payment.

S K Development Private Limited S K Development Private Limited

Director

Director

j) Taxes on Income :-

Provision for current tax is made on the basis of estimated taxable income for the current accounting year in accordance with the Income Tax Act, 1961. The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted by the balance sheet date. Deferred tax assets arising from timing differences are recognized to the extent there is virtual certainty with convincing evidence that these would be realized in future. At each Balance Sheet date, the carrying amount of deferred tax is reviewed to reassure realization.

k) Provisions, Contingent Liabilities and Contingent Assets (AS-29) :-

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made.

Contingent Liabilities is disclosed in Notes to the account for:-

- (i) Possible obligations which will be confirmed only by future events not wholly within the control of the company or
- (ii) Present Obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized in the financial statement since this may result in the recognition of the income that may never be realized.

l) Earnings Per Share :-

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of shares and dilutive equity equivalent shares outstanding during the period, except when results would be anti-dilutive.

m) General :-

Except wherever stated, accounting policies are consistent with the generally accepted accounting principles and have been consistently applied.

**Right, Preferences and Restriction attached to shares**

**Equity shares**

The company has only one class of Equity having a par value Rs. 10.00 per share. Each shareholder is eligible for one vote per share held. The dividend proposed by the board of directors, if any, is subject to the approval of the shareholders in ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the Equity shareholders are eligible to receive the remaining assets of the company after distribution of all preferential amounts, in proportion to their shareholding.

## General Notes :

1. No depreciation if remaining useful life is negative or zero.
2. If asset is used less than 365 days during current financial year then depreciation is equals to w.d.v as on 31-03-2021 less residual value.
3. Depreciation is calculated on pro-rata basis in case asset is purchased/sold during current F.Y.
4. If above assets is used for any time during the year for double shift, the depreciation will increase by 50% for that period and in case of the triple shift the depreciation shall be calculated on the basis of 100% for that period.
