Dear Sir,

With reference to the above subject, this is to bring to your kind notice that we have already obtained 2 nos. Ground water permission from you having a total capacity of 148 KLD (25 m³/hr for 4 hrs/day & 12 m³/hr for 4 hrs/day). The above permissions are enclosed in **Annexure – 1**. The total fresh water requirement for our upcoming project is 175 KLD. The detailed Project Report showing the water requirement calculation is enclosed in **Annexure – 2**.

We need to apply for the balance amount (175-148 = 27 KLD), which is a pre-requisite for getting Environmental Clearance of our project.

Hence, we would request you to kindly augment our existing application for the balance amount in terms of no. of running hours or pumping capacity, so that it satisfies our total freshwater requirement.

An early action for the above on your end would be highly appreciated.

Thanking you,

Yours sincerely,

For M/s. Rohra Developers Pvt. Ltd.
