Memo. No. 082

Date: 22.08.2014

To
Shri Ashis Das,
Advocate,
Siliguri.

Sir,

Sub : Information regarding Deed No. 2190 of 2014.

Ref : His letter dated 01.08.2014.

Apropos of the letter under reference this is to inform him that the fact, as revealed from the records, is that the said deed being no. 2190 of 2014 was required to be re-scanned after being completed and ready for delivery due to omission of signature of the undersigned on the reverse page of the stamp paper (i.e., the 1st page of that deed).

It is the mechanism of the CORD that when such re-scan is done new book volume no. and new date of completion are automatically generated and the old volume no. and old completion date cannot be deleted rather both sets of information co-exist. Accordingly, when a Certified Copy of such a deed is produced after such re-scan two sets of volume nos. and completion dates will be found.

Hence, the question of genuineness of the said deed may not be questioned merely on the basis of two volume nos. and two completion dates.

K. Ray

Additional District Sub-Registrar,
Siliguri-II at Bagdogra, Darjeeling.

Addl. Dist. Sub-Registrar

Sig. II at Bagdogra, Dt. Darjeeling
