AAI NON REQUIREMENT CLARIFICATION

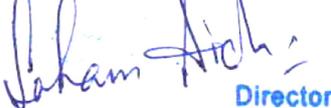

This is to declare and undertake that AAI is not applicable on our project named **URBANZ**, the reason for the same is as under:

1. Our Project does not fall under the categorized area for mandatory AAI Clearance.
2. Neither does our project qualifies under the Height Category of mandatory AAI Clearance as ours is a G+IV Building only.
3. If AAI would have been applicable on us then the Competent Plan Sanctioning Authorities, which includes UDMA, would definitely have informed us the same.

Hence, these are the reasons why AAI Clearance is not applicable on us as has been enquired upon us.
