

TO WHOMSOEVER IT MAY CONCERN

CLARIFICATION/DECLARATION REGARDING TOTAL AREA OF LAND, BUILTUP AND CARPET AREA BEING NOT SHOWING IN THE WEBSITE

This is to declare and certify that the observation regarding Total area of Land, Total Built up Area, and Total Carpet Area being not visible in the Website **is not on the END OF THE USER** as it is a **system calculated procedure** and that it cannot be put in the website from the user end. It is an **auto calculated procedure of the system and hence it is not in our hands to put the same.**

OBSERVATION BY THE COMPETENT AUTHORITY IS AS UNDER:

"Total area of Land, Total Built Up Area, and Total Carpet Area appear to be invalid in the application form as "0" inserted in those attributes"

Moreover, it must also be understood that it is an internal system error as the Land Area is also showing to be zero AND if Land Area would have been put as "0" from User End then Govt. Fees could not have been paid and that NPR No. would not have generated also.

It is an internal system error and not an error on the part of the User.

Kind consideration of the same will highly be appreciated.
