Partition Commission Report of the Commissioner :

Sir,

Being appointed partition Commissioner and on receiving the writ of the above mentioned suit I duly served notice to fix the date for field works to the respective lawyers for the plaintiffs and defendant side Dhimoy Roy and Sudhangshu Pan, Advocate. respectively.

Thus of the date fixed I went to the locality of the suit Mouza. I found Sudhangshu Kumar Pan and other members of the parties there on every times. The R.S. Mouza map of the locality is supplied by the plaintiff side. Then I started my commission work with the help of my chain, tape, peg etc. with the presence of them. I visited all the degreetal plots one after another in the locality in different mouzas. The parties identified the suit plots one after another and I with the help of mouza map became

-2-

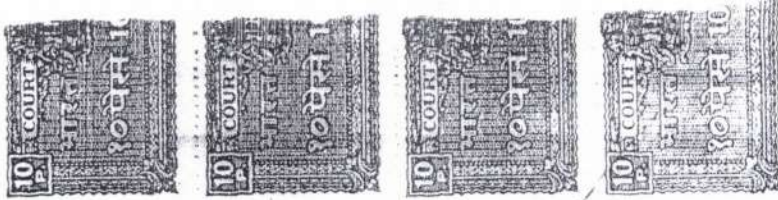

satisfied about their identification. I took some test measurements and became satisfied about the location and possession of the suit plots. I prepared a field note about those at the time of field work in the locality. The field notes are submitted along with the reports and those shall be treated as part of my report.

While making partition among the parties I clubbed all the plots into seven equal share and allotted one share to each party. Detailed of plots etc. are given below from which it will be evident that considering location, possession and valuation of the plots each allotment is of equal valuation. Some plots including the building of Sankari Pukur Mouza have been divided into the parties in equal share those have been coloured in seven separate shade and each colour have been mentioned for one party as given below : i.e. plaintiff no.1 Smt. Annapurna Mondal has been allotted the following plots namely :-
