Sub: Query No. 7. Violation of condition 8 of the Development Agreement

Ref: Development Agreement

Sir,

As per sanctioned plan the Building Permit is valid up to 16-12-2027. As per Development Agreement dated 11th February 2026, we commit to owner to hand over his allotted portion within Two years that means 10th February 2028.

As per "Form B" we commit to RERA that we complete the project within 30th November 2027 which is earlier than validation date of Building Plan and also before the committed date to Land Owner.

So Project Completion date 30th November 2027 neither violate Building Permit nor Development Agreement.

Thanks & Regards

Annapurna Construction
