1. This sanction is valid for a period of three years from the date of sanction and may be renewed for a further period of three years for a total of six years from the date of the first sanction.

2. Sanction is granted on the basis of statements, representations, drawings & calculations made and submitted to the authority. It is subject to the condition that the applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.

3. Before commencing construction the applicant must submit to the authority a copy of the approved plan and a copy of the approved drawings and calculations. The applicant must also submit a copy of the approved plan and a copy of the approved drawings and calculations to the local authority.

4. No alteration may be made to the sanctioned plan and drawings without the written consent of the authority. Any alteration made without the written consent of the authority shall be at the applicant's risk.

5. The cost of preparing the sanctioned plan and drawings shall be borne by the applicant.

6. The applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.

7. The applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.

8. The applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.

9. The applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.

10. The applicant shall be responsible for the accuracy of the information supplied and for the accuracy of the drawings and calculations. The authority shall not be responsible for any error or omission in the information supplied or in the drawings and calculations.
