

HONEY DEW REALTORS

To Whom It May Concern

This is to certify that proposed **Ground + Five Storied (G+5)** residential apartment project **"JYOTSNA APARTMENT"** are clear does height, as per Air Port Authority recommendation. So not need to issue for clearance certificate from Airport Authority and also be our project running far distance from airport, Height of Building : 17.35 Mtr., Permissible & Proposed Consumed F.A.R. 2.75.

So, I declare that abovementioned information are true and compare my approval map.

Thanking you,

With regards-

For **HONEYDEW REALTORS**
