

Plan for Water Supply arrangement including Sewer, G.O. & H. reservoirs should be submitted to the Assistant Engineer for approval. Supply and the sanction obtained before proceeding with the work of Water Supply. Any extension may lead to suspension of services.

CONSTRUCTION SITE SHALL BE MAINTAINED AT ALL TIMES IN SUCH A MANNER AS TO PREVENT THE SPILLAGE OF WATER OR OTHER LIQUIDS ON TO THE ADJACENT PLOTS. RECEPTABLES ETC. MUST BE EMPLOYED CONSIDERABLY TWICE A WEEK.

Submitted By: [Signature]
Assistant Engineer (C) Dr. No. 8

Approved By: [Signature]
The Building Committee

Approved subject to the conditions of regulation of West Bengal Fire Services, if any.

Before starting any construction the site must conform with the provisions contained in the regulations as proposed in the plan sheet as follows:
The validity of the written permission to execute the work is subject to the above conditions.

The sanction refers to the proposed portion shown in red and the Executive Engineer is not responsible for the construction as to the correctness of the plan.

Design of all Structural Members including that of the foundation shall conform to the provisions specified in the National Building Code of India.

All Building Materials to be used in construction should conform to the provisions specified in the National Building Code of India.

Necessary steps should be taken to ensure that the work is completed within the time specified in the sanctioning public notice, commencing from the date of the sanctioning public notice.

Re-Erection within Two Year after the date of the sanctioning public notice for Sanction.
